1	31/07/2017 15:11	04/08/2017 16:27	EGNOS high accuracy service analysis	XXXX (name company) ambition is to become the potential future EGNOS High Accuracy service provider ; could you please confirm that this ambition does not prevent us from bidding to this analysis ?	<b>04/08/2017</b> The successful tenderer of the current procedure (632/PP/GRO/RCH/17/9876) will not be prevented –on the grounds of having been successful in this procedure- from participating and eventually being awarded a potential future EGNOS High Accuracy service provider procurement.
2	07/08/2017 17:09	07/08/2017 17:14	EGNOS High Accuracy	Dear Sirs, We would like to know if a company could participate as sub-co in different consortiums for this call. Thanks very much for your feedback. Looking forward to hear from you. Kind regards	<b>07/08/2017</b> I refer to section 2.7 of the tender specifications which do not limit a company to participate as a subcontractor in different consortiums.

3	05/09/2017 11:29	08/09/2017 15:35	Submitting a tender & annex	To submit a proposal that meets all the requirements several annexes have to be submitted. Those annexes are added to the TENDER SPECIFICATIONS document. This is a scanned pdf file. In this state we cannot use these annexes, because we cannot alter them. The mentioned documents, models or links are not accessible, or it is not possible to find the right version. Could you please provide all the documents that are needed for a proposal in separate files that we can alter? For example Word or Excel? This will make the submitting of a proposal more user friendly for all interested parties.	<b>08/09/2017</b> Dear,  Please notice that under the tab 'Document library' the annexes of the tender specifications are attached in Word.
