1	08/05/2018 13:22	08/05/2018 16:10	Implementation of EDA cloud transition project	You state that "The tenderers shall not be involved in the actual implementation of EDA cloud transition project and shall act as an independent 3rd party" – however, task one appears to be a full time project management role which appears to be involved directly in the implementation of the project. Can you please clarify your expectations regarding the role of the project manager in task one? How much time you believe will be required over the duration of the project and the degree of his or her interaction with the project team?	**08/05/2018** The restriction is set to prevent a conflict of interest. An audit conducted by the same contractor that has designed the system may not be objective.

2	08/05/2018 16:56	15/05/2018 10:30	Budget	Dear, could you please confirm whether the budget of 150000 € is for 1 year of the contract or is the budget per year for the duration of the framework contract?	**15/05/2018** As indicated under point 2.3 of tendering specifications, the 150 000 EUR budget covers the entire duration of the framework contract.
3	14/05/2018 11:58	15/05/2018 10:31	Number of risk assessments	Could the EDA please clarify how may risk assessments would be required per year?" Is it the same number of for support to task 5?	**15/05/2018** This is a framework contract and the nature, number and periodicity of individual tasks cannot be specified at this stage. It will be subject to the specific contracts. Purely as an indication, we do not foresee more than one risk assessment per year.
