4	14/06/2018 18:12	15/06/2018 11:28	Team delivering the service	The first paragraph in B. of 4.2.4. states that the same person cannot be foreseen for more than one profiles. Later, in profiles B6 and B7 it states that only profiles B2, B3, B4, and B5 cannot participate as members of B6 / B7. So can B1 be part of B6 / B7?	15/06/2018 According to 4.2.4, a different person must participate to each single profile, with the purpose of ensuring full and in-depth coverage of the interdisciplinary character of the study. This interdisciplinary character derives from the wide range of scientific expertise needed to cover the scope and methodological requirements of the study. The project management tasks do not refer directly to the coverage of the specific interdisciplinary requirements. In this sense, the Project Manager in particular (B1) may also be member of the Team for Data Collection (B6) and GIS Team (B7).

5	15/06/2018 19:15	18/06/2018 11:38	Participating in two separate bids	Can a person (not the leader of the tender) be part of two separate bid consortia?	18/06/2018 Procurement procedures are launched in the context of a free market economy. Therefore a direct participation (consortium) or an indirect participation (subcontracting) of one and the same economic operator in more than one tender for the same procurement procedure is acceptable as long as there is no conflict of interests or no distortion of fair competition. If such conflict of interest or breach of competition rules exist, it could lead to rejection of the whole tender.

6	22/06/2018 18:50	25/06/2018 11:45	GIS experts	Could you please elaborate on the role and responsibilities of the GIS experts in the study team?	<p>25/06/2018 The requirement of having GIS experts in the team with the described expertise is one of the selection criteria (page 28, point 4.2, criterion B7 of the tender specification). These criteria must be fulfilled by the tenderers and express the necessary capacities of the tenderer that are needed for a successful fulfilment of the contract.</p> <p>However the "organisation of the work and resources" is 2nd award criterion (page 29, point 4.3 of the tender specification). 7	26/06/2018 13:05	28/06/2018 10:29	Extension of Submission Deadline	We are writing on behalf of an association of ICF, Fraunhofer Institute, Cambridge Econometrics and TM Leuven, to request a change in the submission deadline for the assignment Study on exploring the possible employment implications of connected and automated driving 2018/S 095-214654 from 2 July to 9 July. This additional time will facilitate the submission of a significantly stronger offer in what is a very important project for which this team is very highly qualified.	28/06/2018 The Contracting Authority does not envisage the extension of the deadline. The deadline set by the Contracting Authority complies with the article 152.2 of the rules of application (Delegated Regulation (EU) No 1268/2012 on the rules of application of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union amended by Commission delegated Regulation (EU) 2015/2462 of 30 October 2015). The Contracting Authority draws the attention to the fact that the approach concerning the selection criteria and the supporting documents to be submitted only on request by the Contracting Authority simplifies the process and allows the economic operators to save time and concentrate on the technical and financial offer.
8	27/06/2018 13:59	28/06/2018 10:30	Submission of the bid	Can you please confirm that the deadline 02/07/18 is when the bid is handed over to the post office or courier and not when you receive the bid. So you might receive the bid after the 02/07/18. Thanks.	28/06/2018 We confirm that your understanding is right. The deadline 02/07/18 is when the bid is handed over to the post office or courier and not when we receive the bid.
