1	21/08/2018 11:56	22/08/2018 17:23	Languages and translation	Does the European Parliament intend to publish translations of the SMIAP-II call for tender documents?	<p><b>22/08/2018</b> Due to the very technical nature of the ICT-related domain, the tendering documents exist only in English. Translations would take a long time and cause delays. If tenderers require specific documents or document sections to be translated, they should indicate precisely which ones.</p> <p>Furthermore, for the same reason, the European Parliament expects most offers will be written in English. The contract resulting from the tendering procedure will be in English.</p> <p>Nonetheless, the European Parliament shall consider equally all offers, regardless of their language, which must be one of the official languages of the European Union.</p>
2	13/09/2018 12:22	18/09/2018 10:10	Second dates for the compulsory visits - Request for clarification	<p>Please inform us if there will be a second date for the compulsory visit at Strasbourg, since we have just been notified for the tender, and missed the 5/9 visit.</p> <p>Thank you</p>	<p><b>18/09/2018</b> As stated in the Call for Tenders document, there are 2 site visits. The European Parliament does not intend to organise other visits.</p> <p>SMIAPII - 200 - Conditions for submitting a tender</p>
