|---|---------------------|---------------------|----------------------------------|---|---|
| 3 | 02/10/2018 12:12 | 02/10/2018 12:25 | Selection Criteria - Evidence A2 | According to the Tender Specifications, we need to provide references in English, German, French, Italian and Spanish and 2 other EU/EEA languages in order to fulfil the Selection Criteria C2. Could you please confirm if any of the languages spoken within the EU would be accepted for these references of "2 other languages"? | 02/10/2018 The evidence to fulfil criterion A2 consists of references for actions (projects or services) delivered in the last five years showing language coverage in English, German, French, Italian, Spanish and 2 more languages, as defined under "2.6. Languages". |
| 4 | 02/10/2018 12:19 | 02/10/2018 12:34 | Total budget available | In the contract notice p3 you specify a total estimated value of 4million over 24 months. However in the tender specifications (page 8) the 4m amount is the total for 4 years. Please can you confirm which of the two amounts is correct ? Many thanks. | 02/10/2018 The maximum cumulative value of all specific contracts to be concluded under the framework contract during the total maximum period of four years shall not exceed EUR 4.000.000. |
| 5 | 02/10/2018 12:23 | 02/10/2018 12:40 | Initial training section | On page 31 of the tender specifications you refer to the training detailed under point 2.1. However point 2.1. (on page 11 of the tender specifications) covers contract objectives - are you referring to the initial information and training session described under point 1.8 instead? Please confirm. Thank you. | 02/10/2018 Yes. The training mentioned on page 31 under B2 – Helpdesk team refers to section 1.8. |

| 6 | 02/10/2018 15:31 | 02/10/2018 15:46 | Frequency of face-to-face meetings | Please could you clarify whether the face-to-face meetings described on page 26 of the tender specifications are 2x or 4x per year (the paragraph describing these meetings seems to suggest both). Thank you. | 02/10/2018 The face-to-face meetings mentioned in section 2.11 will be held four times per year. See also section A.3 (Additional operations) and Annex II.B (Flat rate travel and subsistence expenses). |
| 7 | 02/10/2018 16:51 | 05/10/2018 09:12 | Trend number of queries over time | Thank you for the 'Evolution of total number of user queries' graph provided in annex to this call for tender. Is this positive trend (growth in number of queries > 20% year on year) consistent with the entire 4 years of the previous framework contract? Many thanks. | 05/10/2018 The total number of queries for the period 2015-2016 was 13698, for 2016-2017 was 16496, and, as shown on the graph provided with the tender specifications, for 2017-2018 was 20089. The Commission cannot make any assumptions on future trends. |

|----|---------------------|---------------------|--|---|---|
| 10 | 05/10/2018 10:01 | 05/10/2018 16:16 | Selection criteria- Evidence A1 | According to the Tenderer Specifications, we need to provide references showing the provision of helpdesk services during three years involving at least 5000 enquiries per year. Our understanding is that the total number of enquiries of the references that we provide have to sum up (all of them) 5000 enquiries per year, could you please confirm? | 05/10/2018 The tenderer must provide references showing the provision of helpdesk services. Only services provided in the last five years will be considered. The services mentioned have to cover a period of three years. The total set of services provided during a year has to involve at least 5000 enquiries, in order to be considered. |
| 11 | 04/10/2018 13:58 | 05/10/2018 17:16 | Language and number of current knowledge base entries to be provided as part of the handover | We have noted on page 10 the commitment of the Contracting Authority to provide the currently used set of standard replies, as well as the relevant elements from the current knowledge database. Please can you give us an indication on the number of standard replies we can expect, and the language(s) in which they will be provided? Many thanks. | 05/10/2018 Currently there are 87 standard replies in the knowledge database. They are provided in all EU/EEA languages. |

|----|---------------------|---------------------|------------------------------------|--|---|
| 12 | 05/10/2018 15:41 | 08/10/2018 09:28 | Language of enquiries | Thank you for replying to question 9 - breakdown of enquiries by language. However I am not sure to which graph you are referring - if I look in the document "VT-2018-024_additional information_example of breakdown of queries" provided in the download "EN-Annexes_VT-2018-024_additional information_examples" I see only information by country, not by language. Am I looking in the wrong place? Where is the document to which you refer? Many thanks. | 08/10/2018 1.- Go to the main page of this call for tenders at etendering: https://etendering.ted.europa.eu/cft/cft-display.html?cftId=3947 2.- Click on "Document library" 3.- Click on the last file "Number of user queries by language/country (April 2017 – March 2018)" (Document type 'Other') 4.- Click on "All versions" 5.- You will see the final link to the document (more validation steps can be required by the system) |
| 13 | 04/10/2018 15:10 | 09/10/2018 08:50 | Number registrations to the portal | We note the requirement to administer all new registrations to the portal. Could you please give us an indication of how many can be expected on a monthly basis (the total + by type). Many thanks. | 09/10/2018 For the period April 2017-March 2018, the helpdesk processed 7635 enquiries related to registration. Of this, 5471 were related to the registration of employers, 2024 were related to the registration of jobseekers, and 140 were related to other registration questions |

| 14 | 09/10/2018 14:23 | 09/10/2018 15:11 | Training for Helpdesk Team | On page 31 of the Technical Specifications it is mentioned that "all members of the helpdesk team are expected to have or acquire, through the training mentioned under point 2.1, detailed knowledge.....etc". When reading point 2.1 (Objectives), we cannot find any mention of training. Please advise. | 09/10/2018 The reply is the same as for question #5. The training mentioned on page 31 under B2 – Helpdesk team is defined in section 1.8 |
| 15 | 09/10/2018 12:53 | 09/10/2018 16:41 | Composition of Helpdesk Team | In the part of the Technical Specifications related to the team delivering the service, we note the requirement for one Project Manager and "at least 6 people". In a scenario where the minimum number of human resources is allocated, would it be envisaged that the Project Manager is to be included in the "6 people", or is that post an additional one to the minimum 6? | 09/10/2018 Tenderers must comply with the selection criteria listed in section 3.2.4, which defines the team delivering the service composed by a project manager and the helpdesk team. Section 3.2.4 B2 defines the helpdesk team of at least 6 people. The project manager is defined separately in section 3.2.4 B1. According to section 3, page 27, tenders failing to meet the requirements of the "Selection of tenderers on the basis of selection criteria" step will not be considered for the "Evaluation of tenders on the basis of the award criteria" |

| 20 | 10/10/2018 16:23 | 10/10/2018 20:38 | Technical and professional capacity | With reference to Section 3.2.4. Technical and professional capacity criteria and evidence, Evidence A1, it is stated that “the tenderer must provide references showing the provision of helpdesk services during three years in the last five years involving at least 5000 enquiries per year”. We understand that we can include projects/ contracts that began before the reference period (last five years) or projects/ contracts that are still ongoing, as long as orders under these contracts were active for a minimum period of three years during the indicated period. Please confirm our understanding or clarify further. | 10/10/2018 The tenderer must provide references showing the provision of helpdesk services. Only services provided in the last five years will be considered. The services mentioned have to cover a period of three years. The total set of services provided during a year has to involve at least 5000 enquiries, in order to be considered. |
| 21 | 10/10/2018 16:24 | 12/10/2018 09:31 | Technical and professional capacity | With reference to Section 3.2.4. Technical and professional capacity criteria and evidence, Evidence A2, it is stated that “the tenderer must provide references for actions (projects or services) delivered in the last five years showing language coverage in English, German, French, Italian, Spanish and 2 more languages”. We understand that the coverage in all required language will be shown collectively by all the projects provided. Please confirm our understanding or clarify further. | 12/10/2018 Yes, the language coverage required in section 3.2.4 A2 can be collectively covered by several actions (projects or services) delivered in the last five years |

|----|---------------------|---------------------|--|--|---|
| 28 | 15/10/2018 17:48 | 17/10/2018 10:15 | Annual / Quarterly Figures on Annex II | We note that Form 2 of Annex II indicates number of units, of which the flat fee A1 is to be provided on a quarterly basis, while the rest of the units are to be calculated on an annual basis. That implies that the cost of only 5,000 additional WUs is to be included in the quotation for one whole year. That would allow for a maximum number of 35,000 WUs (30,000 WUs included in A2 plus 5,000). Please confirm that this is the case, or whether the quotation should be based on 5,000 additional WUs per quarter. The same question applies to the number of person days, which is indicated as a maximum 30 per annum for the four categories/qualification levels. | 17/10/2018 Annex II, form 2 is intended for tenderers to present a quotation price for each row, multiplying the specified number of units of a given task x the tenderer unit price. Tenderers define their unit prices according to annex II, form 1. The total price FOR COMPARISON will be composed by the sum of all the row prices. This total price FOR COMPARISON includes, inter alia, 35 000 WUs (A1 and A2) and 30 person-days for additional work on request (A3). For the total list of services includes in this total price FOR COMPARISON, please read carefully the full set of technical specifications. The framework contract will be awarded to the most economically advantageous tender determined in accordance with the formula defined in section 3.4. The price taken into account in the formula is the total price FOR COMPARISON. While the total price FOR COMPARISON is conceived to reflect roughly a possible quotation for one year of helpdesk services; tenderers' attention is drawn to the fact that the framework contract does not constitute placement of an order but is merely designed to set the legal, financial, technical and administrative terms governing relations between the |

| 29 | 16/10/2018 14:58 | 17/10/2018 11:39 | Formula liquidated damages | Please could you clarify the formula applied for liquidated damages, providing a few concrete examples so that we understand in what situations it could be applied and what the financial implications could be? For example, how would you apply this formula to an enquiry answered after the 15 day SLA? Many thanks | 17/10/2018 If the contractor fails to perform its contractual obligations within the applicable time limits set out in the contract (for instance, failing to reply a question within the defined deadline), the contracting authority may claim liquidated damages for each day of delay using the following formula: $0.3 \times (V/d)$ where: V is the price of the relevant deliverable or result (1 working unit for a question type A). d is the duration specified in the contract for delivery (3 days for questions). The contractor has 30 days following the date of notification to submit observations. The contracting authority, taking into account the relevant observations, can withdrawal of its intention to apply liquidated damages. |

| 31 | 19/10/2018 08:52 | 23/10/2018 16:59 | Level of qualification IV | With reference to Annex II of Technical Specifications, the level of qualification IV is defined: "Junior expert, newcomer to the profession but holding a university degree or equivalent training related to the professional sector concerned and the type of the tasks to be performed". In case of a junior expert with no university degree, we understand that it can be compensated by years of professional experience. If this is the case, could you please clarify how many years of professional experience can be considered equivalent to a university degree or equivalent training? | <p>23/10/2018</p> <p>Level of qualification IV (Junior expert) is defined as follows: 1.- newcomer to the profession but holding 2.- a university degree or equivalent training 3.- related to the professional sector concerned and the type of tasks to be performed.</p> <p>These requirements are understood as follows: 1.- Junior experts do not need to have any experience. 2.- Training is equivalent to a university degree if the national education system that provides it, states so. 3.- Section 2.3 describes the tasks to be carried out by the contractor.</p> <p>Relevant diplomas in any EU languages are acceptable.</p> |

| 32 | 24/10/2018 09:12 | 24/10/2018 16:09 | Transition and transfer between contractors | <p>Technical Specifications, page 10: "An initial information and training session will be provided by the Contracting Authority before the start of the Contract. The training session will have duration of one to two days and will be held in English at the Commission's premises in Brussels or at the Contractor's premises. Attendance is obligatory for all full-time team members and their replacements. An exact timetable and a detailed programme will be provided once the Contract is signed. By the end of the training, the Contractor must acquire the knowledge and expertise necessary to be able to carry out independently the services foreseen under this Contract."</p> <p>a. We understand that the initial information and training session will cover (at least) the business of the EURES portal, the working procedures and the current Workflow / Management system. Please confirm or elaborate further.</p> <p>b. From our experience, the duration of 2 days of training for the acquisition of all knowledge and expertise necessary, appears very limited. Does the Contracting Authority foresee any other takeover activities, supplementary to this initial training?</p> | <p>24/10/2018</p> <p>Tenderers must prove experience providing a helpdesk service. The contractor must ensure that the knowledge gained by his staff is maintained and further developed. Any new team members must get an appropriate initial training by the contractor. Section 2.2 provides a summary of essential topics to be understood by the team members, which are widely documented in public sources.</p> <p>An information session will be provided by the Contracting Authority before the start of the contract, covering non public aspects of the functioning and operation of the EURES Portal and the EURES network.</p> <p>The contractor is expected to provide its own solution to provide the services for Knowledge database and Workflow / Management system.</p> |

| 33 | 25/10/2018 10:22 | 29/10/2018 14:52 | Level of qualification IV | With reference to QA#30, could you please confirm that a university degree with English or any other EU language courses in a subject such as Computing, Mathematics, Physics, Biology, Law, Political Science, European studies, Economics and Business Administration is acceptable for the level of qualification IV? | 29/10/2018 Relevant diplomas in any EU languages are acceptable. The degrees are expected to be related to the professional sector concerned and the type of tasks to be performed, as defined in section 2.3. When providing the CVs and related evidence(s), tenderers can explain how the qualifications and previous work experience of each team member covers the requirements of the technical specifications. |

| 35 | 24/10/2018 09:10 | 29/10/2018 15:31 | Work Units | <p>Technical Specifications, page 18: “The calculation of the offered price should be based on the workload expressed as number of Work Units (WU), where a request category A corresponds to 1 WU, a request B to 3 WU and a request C to 2 WU.” And “A standard answer exists, or needs only a minor modification, and can be dispatched within 5 minutes.” And “A personalised reply can be prepared on the basis of existing documentation and other information at the disposal of the helpdesk, requiring an average processing time of 15 minutes.”</p> <p>We understand that 1 Work Unit corresponds to 5 minutes of work. Please confirm.</p> | <p>29/10/2018 The Commission cannot validate nor reject the estimations by tenderers since it is their responsibility to explain how they intend to achieve the goals specified, and which resources will be allocated to achieve those goals. The calculation of the offered price should be based on the workload expressed as number of Work Units (WU), where a request category A corresponds to 1 WU. A price per work unit refers to work of the type normally covered by the Quarterly fixed flat fee, that during one single calendar quarter exceeds the 7 500 work units included in the Quarterly fixed flat fee for that quarter. The actions required to complete a request category A include: - Analyse question and dispatch notification of receipt - Look up correct standard answer in the language of the query in the knowledge database - Make necessary modifications to the standard answer - Dispatch the answer by the appropriate channel - Log and archive Answers to request category A exist already, or need only a minor modification, and can be dispatched within 5 minutes.</p> |

| 69 | 27/11/2018 09:20 | 29/11/2018 09:58 | Ad Hoc Services | The terms of reference state on page 22 'Ad hoc services' that we have to provide 'Quality checks and controls of EURES services'. Could you please specify exactly what services are included here so that we can answer correctly. | 29/11/2018 Tenderers' attention is drawn to the fact that the Framework Contract does not constitute placement of an order but is merely designed to set the legal, financial, technical and administrative terms governing relations between the contracting parties during the contract term. When the Contracting Authority wishes to contract services under the framework contract, it will send to the contractor a request for services as described in section 1.2.2. The regular services likely to be requested are defined in section 2.4. Given the unexpected evolution of the needs of the EURES Portal, the requests could include other tasks, undefined at this stage. An indication of the kind of tasks, as a guide, is presented in section 2.4.6. |

| 70 | 27/11/2018 09:18 | 29/11/2018 09:59 | Ad hoc services | The terms of reference state on page 21 'Ad hoc services' that we have to provide 'Monitoring and reporting on the performance of the system and services provided'. Could you please specify what you mean by 'the system and the services provides' so that we can scope what we have to analyse. We presume that we do not have to monitor and report on the whole EURES network but need clarity on what you mean by this to answer correctly. | 29/11/2018 Please see reply to question #69. |
| 71 | 27/11/2018 09:19 | 29/11/2018 10:10 | Ad hoc Services | The terms of reference state on page 21 'Ad hoc services' that we have to provide 'Tests and analysis relating to the performance of the system and the services provided'. Could you please specify exactly what you mean by 'the system and the services provided' so that we can scope what we have to analyse. We presume that we do not have to test and analyze the whole EURES network but need clarity on what you mean by this to answer correctly. | 29/11/2018 Please see reply to question #69. |

| 72 | 04/12/2018 16:56 | 06/12/2018 09:09 | Validity of existing admin documents | Will documents, such as the Financial Identification Form, produced in August 2018, be accepted for the purposes of this Tender? | 06/12/2018 Dates of administrative documents are acceptable if issued maximum one year before tender submission. |
| 73 | 04/12/2018 17:24 | 06/12/2018 09:13 | Use of Power of Attorney | In case of a tender with no other partners, but with the participation of subcontractors, is a Power of Attorney required to be submitted by the Tenderer? | 06/12/2018 No |
| 74 | 07/12/2018 19:01 | 10/12/2018 11:13 | Electronic version of tender | Would an electronic version, stored in a memory stick accompanying the printed tender be required? | 10/12/2018 No |
| 75 | 10/12/2018 13:30 | 10/12/2018 13:43 | Required meetings | Regarding the meetings as specified in the technical specifications of the CfT, we note the following contradiction about the day-long (periodical) meeting: The specifications describe the day-long periodical meetings as follows: "... the Commission will invite the Contractor to bi- annual face-to-face meetings to provide updates on EURES and other relevant Commission activities and to review the volume of work handled by the Contractor. These meetings, that will be organised about four times per year,..." Please confirm whether these meeting will be held on a bi-annual, or quarterly basis. | 10/12/2018 Tenderers have to include in their overall quarterly fixed fee the provision for 4 face-to-face meetings per year at the Commission premises. |
