

Call for tenders' details

Title: Fuel cards - 06B10/2014/M003.

Start date: 08/05/2014

Time limit for receipt of tenders: 30/06/2014

Contracting authority: European Parliament, DG Infrastructure and Logistics (INLO)

Status: Closed

Call for tenders question list

#	Submission date	Publication date	Question subject	Question	Answer
1	16/05/2014 11:59	16/05/2014 12:05	Consumption estimates	What is the estimated fuel and toll need per country?	16/05/2014 Almost all consumption will probably take place in the five central countries, i.e. Belgium, France, Germany, Luxembourg and the Netherlands. Services in the rest of Europe will probably be needed only incidentally, in case of visits, meetings, or conferences scheduled in other European countries. Actual consumption cannot be predicted with certainty, however.

Call for tenders questions summary

#	Submission date	Publication date	Question subject	Question	Answer
2	11/06/2014 12:23	17/06/2014 11:35	Tax privileges	Does the European Parliament have tax-free (excises + VAT) privileges in all five central countries? We can offer tax-free fuel cards for several countries, but would in that case have to provide several different cards.	17/06/2014 The European Parliament is VAT exempt for the purchase of fuel in accordance with conventions signed with the member states. VAT is deducted directly for some countries, and is invoiced but recovered afterwards for others, in each case depending on the amount invoiced. We confirm that having different cards for different countries is acceptable, that the central countries mentioned in the selection criteria must in any case be covered, and that the quality of a tender is further increased with greater coverage and greater network density in Europe.
