Pouvons nous répondre à cette AO en Français?	13/08/2019 ESMA can publish the tender specifications in French. This person shall communicate in English (a level of at least B2 of the Common European Framework of Reference for Languages). All contractor's staff coming onsite must speak English (at least level B1). Please consider this predominance of the English language in all the steps of the contractual process. Could you please confirm whether you would like us to
