Moreover , is the profit allowed in the composition of the prices?	10/08/2015 The present Call for Tenders doesn't require any prior agreed rates, nor imposes the bidders whether their financial proposal should contain a profit margin or not. However, the total price for the execution of the contract - based on the daily rates mention above – is subject to competition (please see Section 5.3), under a distinct award criterion. Please also note that tenders presenting a total price superior to the maximum amount of 700.000 € will be excluded.
