According to the tender specifications (epigraph 2.3., section A, evidence requested case #2) we must "provide the information on annual budget allocated to finance the operational activities". How is such information expected to be provided, through a signed report? Because of the absence of a balance sheet, some of the fields of the annex 4 (simplified financial statement) cannot be filled out, but as we understand, in our case it is not necessary to present that annex 4, is it?	27/05/2015 In the situation you describe, presentation of annex 4 is not required. Tenderers who are not required to publish a balance sheet shall provide information on the annual budget allocated to finance operational activities. There is no prescribed format for this documentation.
