Is it possible?	16/07/2015 If the laws in Poland allow for it, the EASME will accept it.
5	16/07/2015 12:41	22/07/2015 09:36	Questions on tender "Study on Mitigation Measures to minimise seabird bycatch in gillnet fisheries" EASME/EMFF/2015/014	The tenderer will be [...] International. [...] International is an international network of NGOs and has regional divisions in every continent. [...] [...] Europe is the European Division of [...] International. It has its separate legal entity. However, [...] International and [...] [...] Europe have a legal and capital link. If a part of the work needs to be done by [...] [...] Europe, can [...] International include this part of the work as internal or [...] [...] Europe needs to appear as well as subcontractor?	22/07/2015 [...] [...] Europe must be subcontracted. It is a separate legal entity and would bill [...] International for its work. Consequently, in practice they would operate as subcontractors.
6	30/07/2015 13:16	30/07/2015 14:19	Question on tender "Study on Mitigation Measures to minimise seabird bycatch in gillnet fisheries" EASME/EMFF/2015/014	In order to be able to fully recover costs of our staff involved in the project, we are proposing to include in our charge out rates direct salary costs and a standard overhead % (based on detailed calculations). Would this be acceptable and if so, is there a maximum % allowed by the EC?	30/07/2015 Section 2.11.3. of the tender specifications provide that "The quoted price must be a fixed amount. That price shall include all charges (fees, meetings, administrative expenses, overheads, travel and subsistence expenses). No additional refund request in respect of the above mentioned charges will be accepted." Tenderers are therefore expected to submit an offer for a final fix price, including all the items that they consider necessary.
