Submitting an offer implies acceptance by the tenderer of all of the terms and conditions of the draft contract and its annexes. Submitting an offer implies that tenderers refrain from applying their own general and specific business terms and conditions. The offer as well as the execution of the contract must be compliant with applicable laws and regulations.

Any total or partial omission of information or non-conformity to requirements described in the tender

specifications may lead the Commission to exclude the tenderer from the present and future award procedures.
