Dear Sir/Madam,

Subject: - *Monitoring the HIV and viral hepatitis response in Europe and neighbouring countries*
- *OJ/2019/OCS/10691*

ECDC is planning to award the contract(s) resulting from the above procurement procedure. The procurement documents consist in the contract notice, this invitation letter, the draft contract(s) and the tender specifications with their respective annexes. All documents are available at the TED e-Tendering website¹ (see specific link in the contract notice): <https://e-Tendering.ted.europa.eu>

Economic operators interested in this contract are invited to submit a tender in one of the official languages of the European Union.

1. Submission of tenders

Tenders must be submitted exclusively via the electronic submission system (e-Submission) available from the above website². Tenders submitted in any other way (e.g. e-mail or by letter) will be disregarded.

In order to submit a tender using e-Submission, tenderers (each member of the group in the case of a joint tender) will need to register in the European Commission's [Participant Register](http://ec.europa.eu/research/participants/portal/desktop/en/home.html) (<http://ec.europa.eu/research/participants/portal/desktop/en/home.html>) - an online register of organisations participating in EU calls for tenders or proposals. On registering each organisation obtains a Participant Identification Code (PIC, 9-digit number) which acts as its unique identifier in the above register. Instructions on how to create a PIC can be found in the PIC-management [Quick Guide for Economic Operators at https://webgate.ec.europa.eu/supplier_portal_toolbox/quickGuide/SP_quickGuide_en.pdf](https://webgate.ec.europa.eu/supplier_portal_toolbox/quickGuide/SP_quickGuide_en.pdf). Tenderers already registered in the Participant Register shall reuse their existing PICs when preparing tenders in e-Submission.

Make sure you submit your tender on time: you are advised to start completing your tender early. To avoid any complications with regard to late receipt/non receipt of tenders within the deadline, please ensure that you submit your tender several hours before the deadline. A tender received after the deadline indicated in the procurement documents will be rejected.

IMPORTANT: In case of any problems with the submission of your electronic tender, you **must contact the Support team** in reasonable time before the time limit for receipt (see [Quick Guide for Economic Operators: https://webgate.ec.europa.eu/e-Submission/assets/documents/manual/quickGuide_en.pdf](https://webgate.ec.europa.eu/e-Submission/assets/documents/manual/quickGuide_en.pdf)).

IMPORTANT: In case of discrepancy between the total reference price indicated in the financial tender in annex II and the price encoded in the e-Submission application, the price mentioned in annex II shall prevail.

The time-limit for receipt of tenders is indicated under Heading IV.2.2 of the contract notice where local time shall be understood as local time at ECDC's location (the location indicated under Heading I.1 of the contract notice).

¹ Subscription to the call for tender at the above link allows interested economic operators to receive e-mail notifications when new information or documents are published. Subscription is free of charge and does not involve any commitment to submit a tender.

² For detailed instructions on how to submit a tender please consult the e-Submission Quick Guide available at: https://webgate.ec.europa.eu/e-Submission/assets/documents/manual/quickGuide_en.pdf. In case of technical problems, please **contact the e-Submission Helpdesk** (see contact details in the Quick Guide) as soon as possible.

A tender received after the time-limit for receipt of tenders will be rejected. The tender reception confirmation provided by e-Submission with the official date and time of receipt of the tender (timestamp) constitutes proof of compliance with the time-limit for receipt of tenders.

Tenderers must ensure that their submitted tenders contain all the information and documents required by ECDC at the time of submission as set out in the procurement documents.

The following documents shall be dated and signed by hand by an authorised representative of the signatory:

- Declaration(s) on honour (template available as an annex to the tender specifications).
- The tender report (a document generated by e-Submission and listing all the documents included in the tender, to be signed by the tenderer or the group leader in case of a joint tender).

When the declaration(s) on honour and/or the tender report are signed by hand, a scanned copy must be attached to the tender in e-Submission. The hand-signed originals must be sent by letter at the latest on the first working day following the electronic submission of tender.

Only the originals of the declaration on honour and the tender report are to be sent by letter, not other documents, to the address below.

After submitting a tender, but before the deadline for receipt of tenders, a tenderer may definitively withdraw its tender, or withdraw it and replace it with a new one³. In these cases the tenderer must send a withdrawal/replacement notification, clearly specifying the call for tender's reference and the e-Submission ID of the tender⁴ being withdrawn/replaced. The notification must be dated, signed by the tenderer or the group leader in case of a joint tender and sent by letter, with an advanced scanned copy by e-mail, both sent before the deadline for receipt of tenders to ECDC's postal/e-mail address indicated under Heading I.1 of the contract notice.

All costs incurred during the preparation and submission of tenders are to be borne by the tenderers and will not be reimbursed.

2. Legal effects of the invitation to tender and submission of a tender

This invitation to tender is in no way binding on ECDC. ECDC's contractual obligation commences only upon signature of the contract with the successful tenderer.

Up to the signature of the contract ECDC may cancel the procurement procedure without the tenderers being entitled to claim any compensation. Any such decision must be substantiated and the tenderers notified.

The validity period of the tender, during which tenderers may not modify the terms of their tenders in any respect, is indicated under Heading IV.2.6 of the contract notice.

Submission of a tender implies acceptance of all the terms and conditions set out in the procurement documents and, where appropriate, waiver of the tenderer's own general or specific terms and conditions. The submitted tender is binding on the tenderer to whom the contract is awarded for the duration of the contract.

³ To submit a new version, the tenderer must create a new tender in e-Submission and include all the information and documents required in the procurement documents with the submission of a tender, even if some of them have already been included in the replaced tender.

⁴ The e-Submission ID of the tender can be found on the left-hand side of the screen of the tender in e-Submission as well as in the tender reception confirmation.

3. Contacts during the procurement procedure

Contacts between ECDC and tenderers are prohibited throughout the procedure save in exceptional circumstances and under the following conditions only:

3.1 Submission phase (before the time-limit for receipt of tenders)

Upon request, ECDC may provide additional information solely for the purpose of clarifying the procurement documents.

Any request for additional information must be made in writing only through the above TED e-Tendering website at in the "questions and answers" tab, by clicking "create a question" (registration on TED e-Tendering is required to be able to create and submit a question).

ECDC is not bound to reply to requests for additional information received less than six working⁵ days before the time-limit for receipt of tenders.

ECDC may, on its own initiative, inform interested parties of any error, inaccuracy, omission or any other type of clerical error in the text of the procurement documents.

Any additional information including that referred to above will be posted on the TED e-Tendering website. The website will be updated regularly and it is your responsibility to check for updates and modifications during the submission period.

3.2 Opening of tenders

Tenders will be opened in public at the time and place indicated under Heading IV.2.7 of the contract notice. A maximum of two representatives per tender may attend the opening session. For organisational and security reasons, the tenderer must provide the full name, ID or passport number of the representatives⁶ at least two working days in advance to: procurement@ecdc.europa.eu. The representatives will be required to present the tender reception confirmation generated by e-Submission and to sign an attendance sheet. ECDC reserves the right to refuse access to its premises if the above information or the tender reception confirmation are not provided as required.

The public part of the opening session will be strictly limited to the following aspects:

- verification that each tender has been submitted in accordance with the submission requirements of the call for tender;
- announcement of the tenders received: the names of the tenderers (all members in the case of a joint tender) will be announced;

Tenderers not present at the opening session may send an information request to procurement@ecdc.europa.eu if they wish to be provided with the information announced during the public opening.

Once ECDC has opened the tender, it shall become its property and will be treated confidentially.

⁵ Working days according to ECDC's holiday calendar

⁶ This data is necessary to ensure access to ECDC premises. Details concerning the processing of personal data for visitors to ECDC are available in the privacy statement at: <https://ecdc.europa.eu/en/personal-data-protection>

3.3 Evaluation phase (after the opening of tenders)

Except in duly justified cases, tenderers who have failed to submit evidence or to make statements as required in the procurement documents, shall be contacted by ECDC to provide the missing information or clarify supporting documents.

ECDC may correct obvious clerical errors in the tender after confirmation of the correction by the tenderer. Such information, clarification or confirmation shall not substantially change the tender.

3.4 Award phase

Tenderers will be informed of the outcome of this procurement procedure by e-mail. The notification will be sent to the e-mail address provided in the e-Submission application for the tenderer (group leader in case of a joint tender) under the section *Tender Contact Info* (and in the annex "Authorised Signatory Form")⁷. The same e-mail address will be used by ECDC for all other communications with the tenderer. It is the tenderer's responsibility to provide a valid e-mail address and to check it regularly.

4. Data protection

If processing a tender involves the recording and processing of personal data (such as name, address and CV), this data will be processed pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/ECText with EEA relevance. Unless indicated otherwise, any personal data will be processed solely for evaluation purposes under the call for tender by ECDC. Details concerning the processing of your personal data are available on the privacy statement at:

<http://ecdc.europa.eu/en/aboutus/calls/Pages/procurementsandgrants.aspx>

The tenderer's personal data may be registered in the Early Detection and Exclusion System (EDES) if the tenderer is in one of the situations mentioned in Article 136 of the Financial Regulation⁸. For more information, see the privacy statement: http://ec.europa.eu/budget/explained/management/protecting/protect_en.cfm

5. Means of redress

Tenderers may submit any observations concerning the procurement procedure to ECDC using the contact details under Heading I.1 of the contract notice. If tenderers believe that there is maladministration, they may lodge a complaint to the European Ombudsman within two years of the date from which they become aware of the facts which form the basis for the complaint (see <https://www.ombudsman.europa.eu>).

Within two months of notification of the outcome of the procedure (award decision), tenderers may launch an action for its annulment. Any request tenderers may make and any reply from ECDC, or any complaint for maladministration, will have neither the purpose nor the effect of suspending the time-limit for launching an action for annulment nor open a new period for launching an action for annulment. The body responsible for hearing annulment procedures is indicated under Heading VI.4.1 of the contract notice.
