

**Corrigendum to the Tender Specifications relating to EDA Public Procurement  
Procedure bearing reference:**

**16.ESI.OP.038**

**“Study on the Impact of REACH and CLP European Chemical Regulations on the  
Defence Sector”**

In the Tender Specifications, section 5.3.1.

**Instead of:**

The quality of each technical offer (a model solution and an admissible variant solution) will be evaluated in accordance with the award criteria and the associated weighting as detailed in the evaluation grid below. Tenderers that have submitted both a model solution and an admissible variant solution will have each of their offers evaluated as if those were submitted by two tenderers (i.e. both their offers will compete on an equal footing).

**Read:**

The quality of each technical offer will be evaluated in accordance with the award criteria and the associated weighting as detailed in the evaluation grid below.
